

## David Kearns

David is 55 years old and married to Kay, with one daughter, Rosie, who is at University in Liverpool. He has lived on the Grange Estate for 50 years and attended the local schools, Grange and Norton, and has since been a School Governor of both. He is currently a Governor of North Herts College and a member of the board of North Hertfordshire Homes and also on the management committee of the Community Centre, Youth Club and The Grange Improvement Forum.

David has many years of experience on the Council with interest in Housing and Finance, and was Leader of the Council for four years. For the last 12 months he has been the only Grange Councillor who has lived here and has been able to provide a Grange perspective on issues.

As your Local Councillor his priorities are to:

- Improve the parking on the Estate
- Protect the grass verges
- Press for highly visible police patrols
- Defend the Grange from the cuts that County and District Councils will be making in the next four years

David says: "I will continue to work with other Labour Councillors to protect front line services and not make cuts which affect the young and not so young on the Grange and in Letchworth."

Looking forward to your support on 5th May.

### Labour Councils are:

- Protecting police numbers - not cutting them while wasting £100 million on a new tier of politicians (elected police commissioners).
- Supporting jobs - not putting hundreds of thousands of workers on to the benefit bill through Government cuts and the VAT increase.
- Protecting frontline local services - not talking gobbledegook to hide cuts.
- Standing up for young people - not kicking away the ladder for our next generation by tripling tuition fees, scrapping Education Maintenance Allowances, slashing Building Schools for the Future and undermining school sport.
- Thoughtfully identifying sensible savings - not cutting too far, too fast.

Thursday 5th May
