

LETCWORTH WILBURY WARD
THURSDAY 3 MAY 2012 (POLLS 7AM - 10PM)

I HAVE been a Labour councillor for eight years in Hitchin. I now want to bring my wealth of experience home to Letchworth and in particular to the residents of Wilbury, where, living in Hallmead, I started my family life, where my family grew up and where I still have many close links.

As a councillor, I have campaigned with other local Labour councillors on a number of key issues and have achieved successful outcomes that led to the introduction of residents parking schemes, reduction of crime, reduction of litter, and the improvement of local roads.

I led the introduction of residents associations and am actively involved in the campaign to ban heavy lorries from residential roads to ensure a safer environment for children and families.

I ask for your support on Thursday 3 May so that I can have the opportunity alongside my Labour colleague, Councillor Gary Grindal, to work hard to protect residents from the impact of heavy lorries used in construction of the Hitchin Curve Rail Link; to seek a

reduction in speeding traffic on residential roads; to work with police officers to reduce crime; to seek more youth activities for Wilbury's younger residents; and to provide help and support for elderly people and families living in Wilbury during these difficult economic times.

I will ensure that more help is available to young families and oppose the blanket cuts that this Tory-run council is imposing which make life hard for families on low incomes and vulnerable people.

I will campaign for improvements in social conditions by putting more money into homes for affordable renting. I want to reduce bureaucracy and mindless regulation so that the council becomes more efficient and creative to make taxpayers' money go further in improving front-line services which directly impact the living conditions of the residents.

I feel I have the qualities, experience and ability to be your next Wilbury Labour councillor and with your support I am sure we can change things for the better for all.
