

LETCWORTH EAST WARD
THURSDAY 3 MAY 2012 (POLLS 7AM - 10PM)

I have lived in Letchworth since 1969, our children were born here and went to the local primary and secondary schools.

I think that Letchworth is a special place, with a wide variety of different activities run voluntarily by the people who live here.

I believe strongly that the district council, together with the Heritage Foundation must do all it can to encourage and support these voluntary efforts.

The Letchworth area committee of the district council is a

valuable part of the life of the Garden City.

As as your district councillor, I will work to make sure that it continues to listen to what you as residents have to say; and to act as the representative of the people of Letchworth towards other areas which affect your lives, such as the health service, the county council and various government departments.

You are entitled to have a responsive, well run local council, and I will do everything possible to make sure this happens.
